Dear Denis

Carmona Services Difference Day: 9 October 2009

Thank you for organising the Hostelworld.com Company Day out at Carmona Services on Friday 9th October 2009. The day was a brilliant success and was enjoyed immensely by all.

Having the opportunity to do something different and help others within our community was extremely rewarding for all our staff. Seeing how Carmona Services is run and being a part of that for a day was amazing.

Having not done anything like this before it was great to have your knowledge and expertise at hand. The day was a complete success from start to finish and is testament to the research and organisation done in advance of the day.

We are already looking forward to hearing your ideas for next year!

Kind regards,

Yours sincerely,

Feargal Mooney
CEO
