Dear Denis

On behalf of all the men women and children associated with Menni I wish to take this opportunity to Thank You most sincerely for such a productive and amazing day.

What was accomplished on the day was what Menni could only dream of putting in place for our children, men and women. Every day we are enjoying and using the 18 projects completed, from Painting the facilities to landscaping the gardens to the building of the pods in the classrooms. The staff and service users are delighted with their new facilities and have commented many times on what an improvement to the service the new amenities have provided.

The planning was superb as a result of the precise attention to detail, it was a very well prepared organised and ran smoothly on the day, all down to your organisation. It was an absolute pleasure working with you.

Once again, many thanks for all the hard work and effort.

With kind regards,

Yours sincerely
